THE INFORMATION RELEASED

Law No. 7/2010 of 31 March, General on Audiovisual Communication governs the provision of audiovisual media services with national scope and establishes the basic legal standards. Pursuant to Article 33 of this law, audiovisual media service providers are required to register with the State Register or the Autonomous Community Register of public character, depending on the coverage of the broadcast.

The legal act governing the operation of the register is Royal Decree 847/2015 of 28 September, which governs the operation of the State Register of Audiovisual Media Service Providers and the communication procedures prior to the start of the business activity. The register is maintained by the Ministry of Energy, Tourism and Digitalization pursuant to Decree PRE/2516/2015 of 26 November, which sets the date from which the Ministry of Energy, Tourism and Digitalization starts to exercise effectively the defined functions in the audiovisual field, stated by Law No. 3/2013 of 4 June on the establishment of the National Commission for Markets and Competition and Law No. 9/2014 of 9 May General on Telecommunications, published in Official Journal No. 285 of 28 November 2015.

Within the framework of the aforementioned authorisations, we hereby announced that Trinity Broadcasting Network Poland has been entered in the State Register of Audiovisual Media Service Providers under number 20170053001.

At the same time, we hereby inform that, in accordance with Article 21 of Royal Decree 847/2015 of 28 September, audiovisual media service providers are obliged, each time there is a change in the data appearing in the register, to update the entry through the electronic application available on the portal using the service provider's registration number.
